Dear Distinguished Guests:

Welcome all to the Perry Awards! Another season ended while another one has started. It is one continuous cycle that is great. Each year, I think of how we can top the great story telling NJ Community Theater gives us from the previous year... but it happens! No matter the size of the theater, it is the heart of its members that shines through bright.

This year's Perry Awards came up really fast! I feel like we were all just here at last year's Perry Awards. The opening speech I gave is still going on I believe. Just kidding - I promise that I won't have an opening speech that could be a whole act!

The Perry Awards couldn't happen if we didn't have great volunteers. I would like to thank the NJACT Board for all the hard work they do behind the scenes, all year long. The event planning, reviewing, scoring, and follow up is a constant for us all. In fact, while we are at this ceremony we are already planning for next year's event! I always say the backbone of NJACT is the community theaters, our reviewers, and all of the volunteers that make this ceremony happen. From Bergen County down to Atlantic County, and every theater between, shows are performed to help take the audience away from their reality for a couple of hours. This is a safe place for us all to relax and unwind, to take a break from the outside world. I appreciate all of the hard work that it takes to put a show on and the inclusion and diversity that allows that to happen. I think no matter what your position is at the theater, you are important, and you are valued.

In closing, my goal for the ceremony this year is just to see people smile, make memories, rekindle friendships, and support each other. I always say the Perry Award I take home every year is seeing people light up and have fun for a couple of hours. I thank you for making my heart smile! Now let's get this Perry Party STARTED!

Thank you,

*P.J. Campacci*

IN PARIS

The background of the entire page is a soft, light pink color, decorated with various sizes and stages of cherry blossoms. Some are in full bloom with visible stamens, while others are buds or falling petals. The blossoms are scattered across the page, with some larger ones in the corners and smaller ones in the center.
